

# Year 1 Homework Menu

## Autumn 2024

At Parkdale we suggest 'core homework' which will support your child to learn and progress in core subjects. This recommended home learning is:

- Daily Reading
- Spelling Practice - "Spelling Shed" logons are provided to practice or can be done on paper, etc.
- Maths Blast - to be completed on "My Maths". Tasks to be changed each half term.

Login details for Spelling Shed and My Maths are in the back of your child's reading diary.

We also suggest some optional 'extra' activities that will broaden and deepen their subject knowledge, and hopefully be some fun activities to share together.

- Share some pictures of different villages, towns or cities that you have visited. Can you label the buildings and write a simple sentence about your visit?
- Where is your favourite place in Nottingham? Is it special to you and your family? Can you make a video to share with your class?
- Colour-mixing... Can you use primary colours to mix the secondary colours? Which colours do you need to make an Autumn painting?
- Houses... Can you build a model house? What features does your house need? Can you label the shapes that you have used?
- Can you share a chapter book with your family? Let us know what you have enjoyed reading.
